The Caterpillar 3126 is a turbocharged 7.2L inline 6-cylinder diesel engine manufactured by Caterpillar and first introduced in 1997; it was the first electronic mid-range diesel engine that Caterpillar produced. It is the successor to the Caterpillar 3116 engine and was replaced by the Caterpillar C7 engine in 2003. It is a medium-duty engine and has been used in dump trucks, long haul trucks ...

Caterpillar 3126 - Wikipedia

f you own a newer piece of Cat® equipment, you probably haven't given coolant much thought. That's because your machine came factory-filled with Cat Coolant that lasts for 6,000 hours — three times as long as conventional coolant — with no extender required. It's hands-off and worry-free. During those 6,000 hours, Cat Coolants provide excellent protection against boiling and ...
