c. Install the Cam Gears: Place the lower Cam Gear first. Note, align the Key-Way so that the pockets of the lower cam gear are facing the opening of the differential case. Slide in the Upper Cam Gear so that the Key-Ways align.

INSTALLATION MANUAL

Install the intake pulse plate on the other end of the intake camshaft. The pulse plate has a keyed slot that lines up with the end of the camshaft. Install the exhaust cam gear and pulse plate on the new exhaust camshaft in the same manner. Have a friend hold the camshaft and wrench in place while you torque the bolts.
