International Trade Law Statutes And
International trade law includes the appropriate rules and customs for handling trade between countries. However, it is also used in legal writings as trade between private sectors, which is not right. This branch of law is now an independent field of study as most governments have become part of the world trade, as members of the World Trade Organization. Since the transaction between private sectors of different countries is an important part of the WTO activities, this latter branch of law is

Sovereignty and international law. Although the doctrine of sovereignty has had an important impact on developments within states, its greatest influence has been in the relations between states. The difficulties here can be traced to Bodin's statement that sovereigns who make the laws cannot be bound by the laws they make (majestas est summa in cives ac subditos legibusque soluta potestas).
