Origins Of

Just Babies: The Origins of Good and Evil by Paul Bloom was recommended reading for a class on morality that I took a few months ago. The idea of studying babies to see how they react to determine just how much of morality is hardwired in us fascinated me. I read the book with intense interest, particularly the studies.

Origins Of Good

Just Babies is about the development of morality in humans. It explores the emotions that help us to be moral, the influence family and kinship have on our moral judgements, and how society as a whole fosters morality. The book also shows what happens when we lack the emotions crucial to acting morally.
