Project management is about making things happen. Good project management is what makes the real work a success. Bad or missing project management can taint and nullify the efforts of even the most talented people. It doesn't matter how brilliant your work is if the project as a whole is twice as expensive as intended, or a year late.

Frank T. Rothaermel

For example, Introduction to Health Care Management, 2nd edition, Buchbinder and Shanks (Jones & Bartlett Learning, 2012), is a very good basic book that presents case studies, information on ethics, cost containment, and the like. It does not go into topics in depth like this one does, nor does it present the
