### European History - The CSS Point

Western Europe began economic and then political integration, with the aim to unite the region and defend it. This process included organisations such as the European Coal and Steel Community, which grew and evolved into the European Union, and the Council of Europe. The Solidarność movement in the 1980s weakened the Communist government in Poland.

**European Studies by Requirement - History & Literature**

Contemporary history, in English-language historiography, is a subset of modern history that describes the historical period from approximately 1945 to the present. Contemporary history is either a subset of the late modern period, or it is one of the three major subsets of modern history, alongside the early modern period and the late modern period. . The term contemporary history has been in ...
