There are as many protein bars as there are types of protein. Sadly, I couldn't find a cricket protein bar for this test, but we've got many other forms of the nutrient: protein from nuts, egg white, flaxseed, oats, collagen, casein, soy, whey, milk, and brown rice all show up—not all in one bar though, thank goodness.

This can be a hard task because pregnancy will make many women not feel like not eating at all. You can add the white of a pasteurized egg to your morning smoothie to get some extra protein. Each egg white has three grams of protein and no fat, so they are a great way to get protein while pregnant. It's best only to use eggs that are pasteurized.
