Succubus Hell High

Succubus! Hell High is a hilarious short story about a high school nerd infatuated with a succubus in a school full of demons and monsters that only he can see. This action packed story is a quick read with a terrific ending. There are more books if you love it, but it's just fine as a standalone as well. I received a copy of this book from the author.

Symptoms of a Succubus - Star Solaris

This book is hilarious in a dark sort of way, but than again I get a kick out of dark comedy, but be forewarned, even though this is a standalone audiobook read the series from first to last book, the first book is Succubus!: Hell High, than this book and last werewolf, it will keep you howling for more while laughing your ass off, I would buy the audiobook version of this trilogy the reader is great and acts out each character very well.

The story itself centers on a senior in high school and the things he sees in that high school. The story involves monsters, demons, devils and a hot succubus girl. I will admit, about 10 minutes into the story I was hooked and found myself enjoying it. The ending is too abrupt (but it was at a stopping point).
