In this brutal time, our main character travels from colony to colony as a “storyteller,” one that speaks of the stories of the past. One day, he is abducted by Ibis, an android in the form of a young girl, and told of the stories created by humans in the ancient past.

The Stories of Ibis (Novel) by Hiroshi Yamamoto, Paperback ...

The Stories of Ibis is a Japanese science-fiction light novel by Hiroshi Yamamoto and translated by Takami Nieda. Yamamoto considered this to be an easier read than his earlier science fiction novel 'God Never Keeps Silent' because of its "light novel touch". The light novel was published in Japanese by Kadokawa Shoten and in English by Viz Media under their 'Haikasoru' imprint. The Stories of Ibis is told through a collection of short stories. All but two had been previously published. The two

The Stories of Ibis (Novel) - Hiroshi Yamamoto - Google Books

In a world where humans are a minority and androids have created their own civilization, a wandering storyteller meets the beautiful android Ibis. She tells him seven stories of human/android interaction in order to reveal the secret behind humanity's fall. The tales Ibis tells are science fiction stories about the events surrounding the development of artificial intelligence (AI) in the twentieth and twenty-first centuries.

The Stories of Ibis eBook by Hiroshi Yamamoto ...

That book for me is Hiroshi Yamamoto's The Stories of Ibis (2006), which I just finished yesterday. The novel is set in a future in which the human population, and its civilization, has collapsed. Artificial intelligence, in the form of androids and robots, is now the dominant intelligence on the planet, with its own massive cities, technology, and civilization.
